Subject: Need to get a permit to start Storm lines

Hi Ron
I would like to see if I can get a permit to start work on the storm line. Mainly I need to get th e two Energy Dissipators build before the rain season starts. So I can continue on the rest it the storm lines with out any problem because of rain. I really need to get started this year .
So I hope you can help with this so I can at least get the Energy Dissipator Build . Please let me know when you can.

Thank you Scott Campbell
